**It's that time of the year** – residents and businesses are filing their income taxes, and the City is preparing its FY 2015-2017 Financial Plan update. A City Council budget workshop is scheduled on Monday, May 16<sup>th</sup> to consider funding allocations to accomplish Council goals like downtown completion, regional transportation initiatives, and water reliability to name a few. Read more to learn why Livermore is a great place to live. Marc [citymanager@cityoflivermore.net](mailto:citymanager@cityoflivermore.net).

**Library Teen Academy** – Attention incoming junior or seniors in high school! The Livermore Public Library is offering a new, three-week summer program that includes a series of interactive workshops and a short internship with the City of Livermore. Participants who successfully complete the program will receive a stipend. The application deadline is April 15. For more details and an application, visit the "Teen Space" on the Library website at [www.cityoflivermore.net/citygov/lib/teens/default.htm](http://www.cityoflivermore.net/citygov/lib/teens/default.htm).

**Active Transportation Plan** – The City is developing an Active Transportation Plan to improve walking and biking conditions including trails in Livermore. A Community Open House will be held on April 18, 2016 at the Robert Livermore Community Center to gather resident input to improve recreational mobility conditions and street and trail safety. Adults and children are welcome to drop-in at the Open House anytime between 4-7 pm. For more information on the event and project, visit [www.walkbikelivermore.net](http://www.walkbikelivermore.net). Questions? Call 960-4500 or email [ActiveTransportationPlan@cityoflivermore.net](mailto:ActiveTransportationPlan@cityoflivermore.net).

**Public Works Day** – In recognition of National Public Works Week, the City's Public Works Department will host a public showcase on Wednesday, May 18, 2016 at the Maintenance Services facility at 3500 Robertson Park Road. Get a close-up look at specialized equipment, learn more about the 4 "R's"—Reduce, Reuse, Recycle and Rot, discover how the wastewater treatment process works, and more. The event runs from 9 am to 11:30 am. Questions? Call 960-8020.

**Nextdoor.com** – The use of nextdoor.com by Livermore residents just surpassed a major milestone – over **10,000** members. Approximately 23% of Livermore households now use this social networking site to connect them to their neighborhood, community, and civic activities and information. Visit [www.nextdoor.com](http://www.nextdoor.com) to get started.
